

**Boating and Waterways Commission Meeting
February 22, 2018 – Long Beach, CA**

Guest Speakers

REPORT: Clean Marinas

PRESENTER: Jim Hayes, Member, Clean Marinas Board

SUBJECT: Clean Marinas

Summary

Jim Hayes is a member of the Clean Marinas Board and has been involved with Clean Marinas since its inception. Mr. Hayes has more than 20 years' experience working for one of the largest marina operators in California. His presentation will be an overview of what Clean Marinas does and how they are working to keep our waters clean.

REPORT: Marine Recreation Association

PRESENTER: Mark Sandoval, Subject Matter Expert

SUBJECT: State of the Marina (Freshwater) Industry in California

Summary

Mark Sandoval has an extensive and diverse marina background. He's managed the largest public marina on the west coast, the City of Long Beach's 4,000 slip marinas "Downtown" and "Alamitos Bay," and has been involved in the major redevelopment of those marinas.

Mark is now with the CA Parks Company, responsible for its operations in Monterey County, Lake Nacimiento, and Lake San Antonio. He is also the President of the Marine Recreation Association and a past President of the CA Association of Port Captains and Harbormasters. He is going to give us an overview of the business of the freshwater marinas in California and their challenges.

REPORT: Marine Recreation Association

PRESENTER: Kevin Ketchum, Subject Matter Expert

SUBJECT: State of the Marina (Salt Water) Industry in California

Summary

Kevin Ketchum operates one of California's largest marina companies in the state, and is a principle, and is regarded as the leading expert on this topic. He has more than 30 years' experience in the marina industry. He'll be providing us with a detailed overview of the salt water marina industry, including its financial health.
