Supplemental Funding for FY 17/18 SAVE

State Parks Division of Boating and Waterways announces the availability of additional funds for the FY 17/18 SAVE program.

This funding is being made available to assist all agencies that have been negatively affected by the unusually wet weather this past winter and spring. This includes agencies that manage rivers and other waterways, who have not traditionally applied for AWAFF funding, but may need assistance in removing abandoned recreational vessels and/or other marine debris* from navigable waterways.

Apply for this funding through DBW at:

Applications will be accepted from September 1, 2017 to December 31, 2017.
